Tagline:

"Where Challenges Meet Solutions: Empowering Innovators, Connecting Industries."

Introduction Section:

Overview of MCORP: A platform where industries post real-world problem statements, teams compete to deliver innovative solutions, and industries select the best fit.

Highlight key features: Nationwide participation, industry collaboration, team-driven approach, and flexible team formation (not college-centric).

Call-to-Actions (CTA):

"Submit Problem Statement" (for industries).

"Register Your Team" (for participants).

"Start a Chapter" (for colleges/institutions).

Key Pages and Content

About Us:

Vision: To foster innovation by bridging the gap between academia, industry, and innovators.

Mission: Provide a competitive platform for teams to solve real-world challenges and gain recognition and opportunities.

For Industries:

How It Works:

Submit a problem statement with details (description, goals, resources, budget).

Review and select the best solution among team submissions.

Benefits:

Cost-effective problem-solving.

Access to a talent pool with diverse expertise.

Gain innovative perspectives.

Submission Form:

Problem Statement Title.

Detailed Description.

Expected Deliverables.

Timeline and Budget (if applicable).

Industry Contact Details.

For Teams:

Team Formation Rules:

Minimum roles required: CEO, COO, CTO, CFO, CMO, Project Manager, and Team Members.

Teams must consist of at least 5 members.

How to Participate:

Register your team with mandatory roles and profiles.

Select an industry problem statement.

Work on solutions and submit within the given timeline.

Benefits:

Gain industry recognition.

Networking opportunities.

Potential funding for outstanding solutions.

Start a College Chapter:

Requirements:

Minimum 5 teams from the institution.

Appoint a faculty mentor or advisor (optional).

Benefits:

Institution branding on the MCORP platform.

Exclusive access to MCORP events and mentorship programs.

Dashboard:

Dashboard Features
